

1 Crown installation

2 Drive adapter installation

3 Bracket installation

4 Circuit installation

5 Programming the first emitter The first method

The second method

6 Up limit setting

7 Down limit setting

Direction setting

Additional Function

Dot-move setting

Additional Function

Add Emitter

Additional Function

Cancel Emitter

Additional Function

All controls support 433MHz & 868MHz
All controls support 230V/50Hz & 120V/60Hz

AC TUBULAR MOTOR

R/A : Radio
Mechanic Limit + Built-in Receiver

By DM45R/A DM45RM/A
DM45RQ/A

Version No. : A/00

DM45R/A Tubular Motor Specification

Technical Support

One DM45R/A motor maximum can store 20 channels, over 20 channels, if still need add new channels, it will be repeating covered in turn from second channel.

In the process of set up emitter and R type motor, every time press the key, motor will whistle one time as the signal (not press any key within 4 seconds after the whistle, the motor will turn to the original state). After the success of the set up, motor continuous whistle many times as signal.
Receiver in the mode of dot function, press up key and down key within 2 seconds, emitter control motor working in dot function; if continuous press more than 2 seconds motor will last working.
Group control channel match code is unworkable, when group channel work together, the emitter can't be programmed, while function of dot-move, emitter-add and emitter-cancel still means.

Control Range

	L1 Open	L2 Partition	Emission frequency
230V/50Hz	200m	35m	433.92MHz
120V/60Hz	200m	35m	

Matchable emitter and motors

DM45R/A R: Radio
Mechanic Limit + Built-in Receiver

DM45RQ/A RQ: Quiet Radio
Mechanic Limit + Built-in Receiver + Quiet Device

DM45RM/A RM: Radio With Manual
Mechanic Limit + Built-in Receiver + Manual

DM59R/A R: Radio
Mechanic Limit + Built-in Receiver

DM59RM/A RM: Radio With Manual
Mechanic Limit + Built-in Receiver + Manual

DC48 DC49 DC44 DC61 DC115
Pressing up button and stop button equals P2 button

single channel emitter DC96
5-channel emitter DC92
15-channel emitter DC94
miniaturised portable emitter DC16
miniaturised portable emitter DC4A
miniaturised portable emitter DC61
miniaturised portable emitter DC115
single channel timer emitter DC112
15-channel timer emitter DC137
15-channel timer emitter DC170
single channel timer emitter DC111
Portable single wall-mounted emitter DC48
Portable double wall-mounted emitter DC49
Wind-sun sensor DC83
